DIGITAL SHOWCASE & ARTIST ALLEY

Start-ups and artists can offer their products and services in a hotbed of trade, connection, and innovation set up like a traditional Asian street market. SIGGRAPH Asia offers you a new and innovative way of participating in the exhibition and reaching out to your target audience at the **Digital Showcase & Artist Alley**.

Located on the main exhibit floor, the **Digital Showcase & Artist Alley** is an open marketplace, providing a platform for quick and efficient interactive exchange.

The SIGGRAPH Asia 2015 Exhibition floor is a diverse, energetic showcase of everything Asia and beyond has to offer in computer graphics and interactive techniques, from hardware and software developers to production studios hosting the established and emerging companies that are shaping the future of digital media. Its large range of programs attracts a top cast of developers, resellers, researchers, producers, and providers of computer graphics and interactive techniques.

Space is limited! Do not miss out on this brand new unique opportunity to showcase your technology, sell your ideas to others, display your works or just network with the many visitors from Japan and all over the world.

The **Digital Showcase & Artist Alley** Package at 94,000 JPY (before prevailing consumption tax, currently at 8%) includes:
- 2 sqm space only (you can order additional furnishings or electrical points if required from the exhibitors manual).
- 2 Exhibitor Badges.
- Listing of company/institution/artist name only in Exhibition Guide.
- Listing of company/institution/artist name only in SIGGRAPH Asia 2015's website under Exhibitors Listing.

Note: A maximum of one Package can be booked per company/institution.
